

ELECTION 2019

There are a total of four Directors standing for election in the upcoming Annual Shareholder Meeting. These openings are the result of two retirements due to term limitations (Jay Hamachek and Elaine Lord) and the expiration of three-year terms for current Directors Larry Thompson and Ward Hubbell.

We are pleased to announce that the Nominating Committee has recommended the following **new** candidates for the Board:

Amy Gaddis - Lake resident residing in the Bay of the Main Lake entering Half Moon Bay (3 year term)

Doug Woodcock - Lake resident residing in Main Lake (3 year term)

The Board of Directors is also presenting the following **re-turning** board members for election:

Larry Thompson – Current Board Member (3 year term)

Ward Hubbell – Current Board Member (3 year term)

The Board of Directors enthusiastically supports the election of these candidates who bring a **great blend of experience, needed skills, and perspectives to the Board**. All of the candidates have extensive public service experience and have expressed a desire to serve the best interests of all shareholders and work toward creating a sense of harmony as they seek the very best for our lake. The slate maintains our goal of balanced geographical representation.

The Nominating Committee included two shareholder members as well as Treasurer Rick Johnson, Secretary Todd Hennelly and Board Member Stuart Smith. The shareholders at large on the Nominating Committee are Kaye Condon and John Nieland.

The Committee was extremely impressed with the talented field of candidates who came forward to serve the lake community.

ANNUAL MEETING

The 2019 Annual Shareholder Meeting will be held Tuesday May 21st at 7:00 p.m. at the Lakewood Center for the Arts, 368 S State Street, Lake Oswego OR 97034.

We will briefly review our 2018 operations and financial year and then focus on the forward looking plans we have the coming year and beyond. The final part of the meeting will be the election of Board of Directors.

After the conclusion of the elections, the ballots will be collected and sealed for counting by our independent auditors. The final results will be available by June 5th. Results will be posted on our website and made available by email notification.

LARRY THOMPSON

Myself, my wife and two children absolutely love this community. We have called Lake Oswego our home since 1997. I own an insurance agency specializing in community associations, commercial and personal insurance. I am a retired army officer, an avid do-it-yourselfer and I enjoy participating in the kids school and sporting events. With my skill set in risk management, communication and decision making I believe I would continue to serve the Lake Oswego Corporation well in helping preserve and better our community.

WARD HUBBELL

Oswego Lake is what makes our community so special and I am proud to serve on a board that is committed to preserving and protecting it. The Lake has many values and uses for our shareholders and easement members, and I believe it is important to recognize and honor those. I will continue to use my background in communications and public policy to help ensure that the Lake remains a treasure for generations to come.

AMY GADDIS

My husband Byron and I moved onto the lake in 2014 – we'd never been on it in 19 years of living in Lake Oswego. We enjoy cruising in our "classic" wood Chris Craft, exploring on our paddleboards, and swimming off our dock. With my background in chemistry, and engineering, I'm very interested in the overall lake ecosystem and am impressed with the water quality work that is being done. I would like the opportunity to be involved in future lake projects that maintain and improve water quality and the quality of life on the lake.

DOUG WOODCOCK

Doug and Charlotte raised their family in the same house on Lake Oswego for the past 25 years. The original appeal of living on the lake, watersports, the natural beauty of the lake and the community of lake residents holds as much appeal for the Woodcock family now as it in 1993. As a long-time resident and avid lake user, I understand the critical importance of issues like water quality, boater safety and access. I am a passionate advocate for the lake and would be thrilled at the opportunity to serve on the LOC Board of Directors.
