# *ELECTION 2021*

---

There are a total of four Directors standing for election in the upcoming Annual Shareholder Meeting. These openings are the result of the expiration of three-year term for current Directors Grant Hanson, Rick Johnson, Stuart Smith and Scott Wittenberg.

The Board of Directors is presenting the following returning board members for election:

**Grant Hanson** - Current Board Member (3 year term)

**Rick Johnson** - Current Board Member (3 year term)

**Stuart Smith** - Current Board Member (3 year term)

**Scott Wittenberg** - Current Board Member. (3 year term)

The Board of Directors enthusiastically supports the election of these candidates who bring a **great blend of experience, need- ed skills, and perspectives to the Board**. All of the candidates have extensive public service experience and have expressed a desire to serve the best interests of all shareholders and work toward creating a sense of harmony as they seek the very best for our lake. The slate maintains our goal of balanced geographical representation.

## **Grant Hanson**

My family and I are active users of the lake - boating, paddle boarding and kayaking several days a week. As lakefront residents, we witness the daily caretaking of the lake by the Lake Corp staff - the responsive and courteous Lake Patrol, the conscientious water quality maintenance team and the friendly crew at the Lake Corp office. The Lake Corp Board and professional staff are charged with maintaining and improving our lake while protecting its value and quality for shareholders and easement members alike. These are responsibilities about which I feel strongly. I am confident that my expertise in strategic planning, problem solving and budgetary oversight developed over my 35+ years at Nike will be an asset to the board. I look forward to working with other community members to continue the tradition of effective and committed oversight of our lake.

## **Rick Johnson**

Our family has lived in Lake Oswego since 1994, and we enjoyed the Lake Grove swim park until we moved to the Lake in 2007. We have 3 boys who have grown up in this community, with the youngest a sophomore in college. We participate in virtually all activities/sport the lake provides, both motorized and not, which provides perspective on different shareholder priorities. As a Board Member, I see first hand how much work is involved in keeping the Lake in the condition we enjoy, but so easily take for granted. With a degree in Geology, an MBA in Finance, and having founded and run a company, I am committed to serving shareholder interests.

## **Stuart Smith**

I have enjoyed the privilege of serving on the Lake Oswego Corp board for the last three years and would be honored to continue to do so for another three-year term. I currently serve as a member of the development committee and as vice president. My family and I have lived on the lake since 2004 and truly cherish the lake and surrounding community. As an attorney and business consultant I trust that my contribution has been and will continue to be of value to the board and the lake. Our lake is a unique and special place for which the board is charged with great responsibility to protect for future generations. I am proud to play my part in maintaining the lake as such a special place.

## **Scott Wittenberg**

A native Oregonian who grew up in the Willamette Valley, Scott has lived on the main lake since 2009. In 1995 Mr. Wittenberg founded Synapse Global Corporation, an international telecommunications service provider, and serves as the company's CEO. Scott's experience in the technology industry and dealing with industry regulators in over 70 countries provides him with a unique perspective on working with others and using technology to solve complex issues. Scott recently had a 400-foot tram installed to make the lake more easily and quickly accessible from their home on Southshore Blvd. In his free time he enjoys scuba diving in tropical and sometimes remote places.
