Amy Gaddis

In my first term on the Board of Directors (Secretary the last two years), I've learned many new things about the Lake Oswego Corporation and its operations. I'm proud that the lake's water quality has never been better and of the success we've had with new initiatives like the summer pop up concerts. I would love to continue serving on the Board of Directors to continue to improve and streamline procedures, manage safety in the face of so many lake users with different lake activities, and ensure all shareholders continue to respectfully enjoy Oswego Lake.

Larry Thompson

Myself, my wife and two children absolutely love this community. We have called Lake Oswego our home since 1997. I own an insurance agency specializing in community associations, commercial and personal insurance. I am a retired army officer, an avid do-it-yourselfer and I enjoy participating in the kids school and sporting events. With my skill set in risk management, communication and decision making I believe I would continue to serve the Lake Oswego Corporation well in helping preserve and better our community.

Katharyn Thompson

Our family moved to Lake Oswego 26 years ago and fell in love with the community. We enjoy spending time on our beautiful lake both in and on the water. I have served as President of the Blue Heron Easement Association for over 10 years and am the past President of the Lake Oswego Easement Officers Association. My professional experience includes 34 years as a forensic accountant, of which I was a partner in an international CPA firm for more than 20 years. I am happy to serve on the LOC Board of Directors with a goal of ensuring that Oswego Lake remains the special gem that it is.

Doug Woodcock

Doug & Charlotte have raised their family in the same house on Lake Oswego for the past 29 years. The original appeal of living on the lake; watersports, natural beauty and the community of lake residents holds as much appeal for the Woodcocks now as it did in 1993. As a long time resident and avid lake user, I understand the critical importance of issues like water quality, boater safety and access. I am a passionate advocate for the lake and am thrilled at the opportunity to continue serving on the LOC Board of Directors.
