

## Annual Operating Stickers

This current year sticker color corresponds with the OSMB current year stickers.

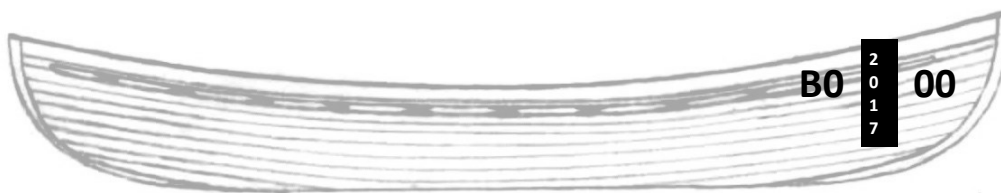

**All watercraft stickers are universal.**

Please keep your stickers in an easy to locate place until you affix them to your watercraft to minimize reissuing of prior issued tags.

Lake Plates should be placed on the back left and right sides of the boat above the water line.

For zodiac boats we recommend placing on the motor

Lake Plates should be placed on the back left and right sides of the canoe or kayak above the water line.

No lake plates are issued for SUPs. Stickers are to be placed on the shaft of the paddle and edge of the board.
