Howard Cumberland

Since 2006, I have lived on the lake with my wife Ann, and it is where we raised our 2 children. We enjoy spending time with family and friends on our amazing lake boating, participating in watersports, and listening to our amazing concerts. As an environmental consultant, I will work to continue to protect and improve lake water quality and user safety. I am honored to join the Board to protect the lake, ensure safety, make fiscally responsible improvements, and represent the shareholders' interests throughout the community.

Amy Gaddis

I've lived on the lake for 12 years, and have been the LOC Corporate Secretary for five years. My knowledge of the lake continues to grow; I love it's beauty, it's intricacies and it's challenges. I'm proud of the improvements that we have made in water quality, safety, and in streamlined procedures. I would love to continue serving on the board of directors to build upon what we have started. I remain committed to advocating for shareholder rights and addressing rules and safety enforcement as we move forward with past and future legal decisions.

Katharyn Thompson

Our family moved to Lake Oswego over 26 years ago and fell in love with the community. We enjoy spending time on our beautiful lake both in and on the water. I served as President of the Blue Heron Easement Association for over 10 years and am the past President of the Lake Oswego Easement Officers Association. My professional experience includes over 34 years as a forensic accountant, of which I was a partner in an international CPA firm for more than 20 years. I am happy to serve on the LOC Board of Directors with a goal of ensuring that Oswego Lake remains the special gem that it is.

Doug Woodcock

Doug & Charlotte have raised their family in the same house on Lake Oswego for the past 32 years. The original attraction of living on the lake; watersports, natural beauty and the community of lake residents holds as much appeal for the Woodcocks now as it did in 1993. As a long time resident and avid lake user, I understand the critical importance of issues like water quality, boater safety and access. I am a passionate advocate for the lake and am excited about the opportunity to continue serving on the LOC Board of Directors.
